Day 2 – Corporate Ethics and Culture Workshop

Venue – Auditorium

Date – 21st March 2025

Speaker – Dr. Shirish Limaye

The second day of the Corporate Ethics and Culture Workshop was an enlightening session conducted in two batches at the college auditorium. The esteemed speaker for the day, Dr. Shirish Limaye, is a distinguished academician who served as the Head of the Department of Accountancy at Symbiosis College of Arts and Commerce, Pune. With a career spanning 37 years before retiring in 2020, he has significantly contributed to commerce education, authored 14 textbooks, participated in over 150 national and international conferences, and mentored several Ph.D. and M.Phil. students. Recognized with multiple prestigious awards for his excellence in teaching and research, Dr. Limaye is also a dedicated speaker on the Bhagavad Gita, having delivered over 500 lectures.

The session commenced with a warm introduction and words of gratitude by Dr. Nilesh Waghmare, who welcomed Dr. Limaye with great reverence, referring to him as a "Master of Ethics." He encouraged students to embrace an optimistic mindset as they transition from campus life into the corporate world and highlighted the fundamental role of ethics in shaping a meaningful professional journey.

Dr. Limaye began his session with a Sanskrit prayer, followed by a Sanskrit couplet by Swami Vivekananda, setting a reflective and focused tone. He emphasized that moving from academia to the corporate world is not just a career shift but a significant life transformation. He reiterated that success without ethical grounding is unsustainable and quoted Swami Vivekananda: "We want that education by which character is formed, strength of mind is increased, the intellect is expanded, and by which one can stand on one's own feet." This quote served as a foundation for understanding that true education extends beyond academics to character-building and ethical awareness. One of the most impactful segments of the session was the 'Pencil Analogy,' where Dr. Limaye shared five essential life lessons. He explained that challenges are inevitable, and

adaptability is crucial for growth. Just like a pencil needs sharpening, individuals must embrace discomfort and continuous learning to improve. He emphasized that making mistakes is a natural part of life, and they should be accepted as opportunities for growth. Outer appearances do not define a person; rather, character, values, and ethics are what truly matter. Lastly, he encouraged students to trust in the unseen guidance of a higher power that helps navigate their journey.

In the concluding segment, Dr. Limaye invoked teachings from the Bhagavad Gita to explain the hierarchy of self-regulation. He stated that the senses should be controlled by the mind, the mind should be governed by the intellect, and the intellect must be led by the soul (Atman). Blending philosophical wisdom with practical corporate ethics, Dr. Limaye's powerful delivery and thoughtful analogies left a lasting impression on the students. His insights reinforced the significance of ethics as an indispensable cornerstone of professional and personal success, ensuring that students carry these values forward in their careers.
