	5.3 Richard Thaler 5.3.1 Nudge Theory	
	Total No. of lectures	<b>54</b>

**Learning Outcomes:**

1. Identify the major ideas associated with each group or thinkers studied, and thereby comprehend the origins of contemporary theory.
2. Place ideas in the context of the times in which they developed and appreciate that most of the modern ideas have long histories.
3. Recognize that some theories are short-lived and that they often reflect the concerns of a particular time period, thus imparting a critical understanding of contemporary theory.
