Project Campus Entrepreneur – 2022-23

It is a credit-based Incubation program, conducted by the Centre of Innovation and Entrepreneurship, SCAC. The duration of this Program is 45 hours. This happens through a series of interactive sessions and workshops. Project Campus Entrepreneur enables students to gain experience in each stage of building a startup. It provides students with all the resources to bring their startup ideas into operation at the college campus through various sessions, workshops, and exhibitions. The mentors for the years 2022-23 were Unnikrishnan Nair - Founder of Beganna Pictures and Dr. Sharayu Bhakare. 30 students developed products and took the experience of becoming an entrepreneur.

Objective:

1. To help students turn their ideas into feasible businesses.
2. To help students boost their existing businesses.
