

**BCOM with specialisation in Management Accounting**

**About CGMA:**

The Chartered Institute of Management Accountants CIMA is the world's largest professional body of management accountants founded in 1919. The American Institute of CPAs and CIMA have come together to form the Association of International Certified Professional Accountants AICPA. The association combines the strengths of both AICPA and CIMA to power opportunity, trust and prosperity for people, business and economies worldwide. The professional certification offered through this association is called as the Chartered Global Management Accountant.

The syllabus comprises three levels of achievement:

Operational level

Management level

Strategic level.

Throughout these levels one studies nine subjects from three areas of knowledge:

**Enterprise**

1. E1 -Digital Finance
2. E2-Performance & Project Management
3. E3-Strategic Management

**Performance**

1. P1-Management Accounting
2. P2-Advanced Management Accounting
3. P3- Risk Management

**Financial.**

1. F1-Financial Reporting
2. F2-Adv.Financial Reporting
3. F3-Financial Strategy

To earn the CGMA Professional Qualification, one needs to complete all three levels and have three years of relevant practical experience.

**Evaluation**

Assessment for each paper within the learning platform of CIMA

At each level, all 3 subjects culminate into a case study exam and there are 4 attempts in a year
