Total Number of Lectures

Suggested Journals

1. Psychological studies

A: Statistics is a part of Practical paper. Teachers should conduct one lecture per week throughout the year for Statistics.

B: See the "Guidelines for S8 Paper" for other details.

SECTION A: STATISTICS

Objectives:

1. To acquaint the students with the basic statistical concepts

2. To train them in solving simple statistical problems.

Topics to be covered:

1. Measures of variability: Range, Standard Deviation and Quartile Deviation (Q1, Q3 and Q for grouped and ungrouped data.

2. Rank Difference Correlation.

SECTION B: TESTS

GUIDELINES FOR THE CONDUCT OF PRACTICAL

1. Each batch of students should consist of 12 students.

2. If the number of students exceeds even by 1, a separate batch should be formed for conduct of practical.

3. Each batch will conduct practical twice per week with three lecture periods per session.

4. Total workload per batch will be 6 lecture periods.

5. In addition 1 separate lecture will be held for Statistics per week for the entire class.

6. The concerned teacher should verify the completion of practical journal as well as group testing or project report and issue a completion certificate signed by the head of the department.
