

NOTICE

Examination scheduled in May 2021

This notice is with reference to the emails received from students requesting for postponement of semester end exams May 21.

It is not possible for the college to postpone the semester end exams of May 2021 as the exams have already commenced. The college strives to be empathetic to circumstances surrounding students, but at the same time we also want to be fair to all. We request you to not get anxious about your exams but go with the flow and complete it. The college staff has strived to make it as convenient for you as possible by not disturbing your academic year, conducting it online as well as restricting the duration of the exam to 1 hour for undergraduate students and 1.5 hours for post graduate students. It is an open book exam and therefore should not require cramming at the last stage. The duration of the pandemic conditions are uncertain and all of us would be better off putting the exam behind us. May I also add here that specific severe cases are always welcome to approach me and we can mutually discuss the way forward.

We sincerely wish you and your family safety, health and wellbeing in these extraordinary trying times.

With best wishes,

Dr. Hrishikesh Soman
Principal
